

DESCRIPTION

Enviro-thaw is a concentrated, environmentally friendly liquid ice melter. Melts ice and snow at temperatures of below -30°C within minutes as it produces a heat generating action. Upon contact with moisture, an invisible barrier develops preventing the accumulation of ice and adding ease to future snow removal.

PACKAGING

This packaging is made from high density polyethylene (HDPE) one of the most commonly and easily recycled plastics!

Concentrated products save on packaging, energy, and emissions associated with transport. Instead of shipping mostly water, we are sending you a super concentrated product that you simply dilute with tap water. This allows us to pass the savings on to you!

AVAILABLE IN: 4L, 20L, 205L
