

ALL BRIGHT

CODE : ENV211

DESCRIPTION

By the course of time the shimmer of metal surfaces disappears and begins to look dull and cloudy. All bright cleaner helps to restore the lost luster of exposed aluminium surfaces due to oxidation and weathering. The acid-based formula helps to neutralize the oxide film formed on aluminum surface which is responsible for dull appearance. Brings back the excellent mirror like finish and shine to the metal surface.

USAGE

Note: Do not use on polished or anodized aluminium, magnesium, galvanized or decorative surface. Do not store in metal containers.

Dilution: For normal applications, dilute 1 part Aluminum Brightener with 10 parts cold water. With warm water, 1 part Aluminum Brightener with 15 parts water.

For heavy duty cleaning: Dilute product with 2 to 3 parts of water.

- Pre-wet surface with cold water then Spray the diluted product from bottom to upwards
- Let product work for 2 - 5 minutes.
- Flush clean with cold water.
- To clean corroded or rusted surfaces, agitate with stiff brush.

BENEFITS

- Effectively removes oxidation, mineral scales, corrosion by-products and brightens aluminium.
- Fast and effective.
- Contains Corrosion Inhibitors
- Versatile, can act on variety of metallic surfaces.
- Hassel free cleaning.
- Streak free shine.
- Saves time and cost by acting as an alternative to polishing.

APPLICATIONS

-  • Aluminum containers
- Metal Surfaces
-  • Metallic tools
- Metallic Equipments
- Metallic coatings
-  • Stainless steel trailers
- Chrome
-  • Walls
- Glass

PROGRESSIVE CHEMISTRY

All Bright Cleaner is the most effective agent to restore the shimmering appearance of metals by neutralizing the basic layer of Aluminium Oxide (which is responsible for the dull appearance) and converting them to easily rinsible salts. Helps to protect the surface from corrosion.

100% BIODEGRADABLE SURFACTANTS

LAST UPDATED: 04.8.2021

SPECIFICATIONS

Physical Form	Liquid
Colour	Colourless
Odour	Odourless
pH (1 g/L solution)	<1
Flammability	Non-Flammable

STORAGE

Store in a dry, cool, well-ventilated area

Do not allow to freeze

Store away from direct sunlight and heat

Store in original container with closed lid, away from incompatible materials such as strong acids.

SHELF LIFE: 1 year minimum after opening

ACCESSORIES

ITEM:	CODE:
Pressure washer	KAR-15209160
Pump up sprayer	HDS-403156
Spray bottle	RAW-B95E
Sprayer	RAW-TS100
Acid wash brush	ATG-315
Brush handle 60"	ATG-52509

PACKAGING

This packaging is made from high density polyethylene (HDPE) one of the most commonly and easily recycled plastics!

Concentrated products save on packaging, energy, and emissions associated with transport. Instead of shipping mostly water, we are sending you a super concentrated product that you simply dilute with tap water. This allows us to pass the savings on to you!

AVAILABLE IN: 4L, 20L, 205L, 1000L

PRECAUTIONS

Wash hands thoroughly after handling. Do not breathe mists, vapours or spray. Wear eye and face protection. Wear protective gloves. Wear protective clothing. Contaminated work clothing should not be allowed out of the workplace.

Refer SDS for more information.
