

DESCRIPTION

This powerful, concentrated, no rinse quaternary sanitizer can be used on most pre-cleaned, hard, non-porous surfaces. It can be used as spray and wipe, with a mop and bucket or in a third sink sanitizing application. When used as directed it provides 200ppm of QUAT so it can be used on food contact surfaces without the need for rinsing. Can be used in many applications to reduce odour causing bacteria.

NO RINSE SANITIZER

CODE: ENV-503

USAGE

Prepare a 200 ppm active sanitizing solution using dispenser or manually (1 part product: 500 parts water; 2 ml product in 1 litre water). Prepare a fresh solution for each use. Spray diluted product onto surface to be sanitized and wait a minimum of 1 minute before wiping excess clean. For third compartment sink sanitizing: 1. Pre-wash, wash, and rinse dishes as usual 2. Sanitize in 200ppm solution, immersing for 1-2 minutes depending on sanitary requirements. 3. Drain and air dry. 4. Change solution when it appears dirty or loses strength in strip test.

Safe and effective cleaning products can be made completely cruelty-free. We perform no animal testing and none of our ingredients contain animal products or by-products.

BIODEGRADABLE
OECD 301D

APPLICATIONS

Restaurants,
Vet Clinics,

Dental Clinics,
Medical Clinics,

Schools,
Bathrooms

PROGRESSIVE CHEMISTRY

Our specially formulated sanitizer contains carefully selected biodegradable ingredients and is free of harmful phosphates to protect our waterways from toxic algal blooms.

LAST UPDATED: 25.6.2019

SPECIFICATIONS

Physical form	Liquid
Colour	Pink
Odour	Mild chemical smell
pH (direct)	7.5
Flammability	Not flammable

STORAGE

Store in a dry, cool, well-ventilated area

Do not allow to freeze

Store away from direct sunlight and heat

Store locked up.

Store in original container with closed lid, away from incompatible materials such as strong acids.

SHELF LIFE: 1 year minimum from opening

Enviroway spray bottle

RAW-B95E

PACKAGING

This packaging is made from high density polyethylene (HDPE) one of the most commonly and easily recycled plastics!

Concentrated products save on packaging, energy, and emissions associated with transport. Instead of shipping mostly water, we are sending you a super concentrated product that you simply dilute with tap water. This allows us to pass the savings on to you!

AVAILABLE IN: 1L, 4L, 20L

PRECAUTIONS

Wash thoroughly after handling. For more information or Safety Data Sheets (SDS) please contact us or see our website.
