

DESCRIPTION

Experiencing the frustration of having frozed drain lines? Try our new ready to use antifreeze specially made for drain lines which prevents the lines from freezing in harshest winters by drastically reducing the freezing point of water. The product is non-toxic, easy to use and absolutely safe for drain linings. Prevents freezinng of lines in upto -35°C temperature. Ideal for winterizing drainage systems in RV's and swimming pool's.

DRAIN ANTIFREEZE

CODE : ENV-625

USAGE

NOTE: The product is ready to use and no dilution is needed.

For Toilets:

• Flush the toilet to get out as much water as possible. Add 1 to 2 litres (4-8 cups) of drain antifreeze to the bowl and another litre (4 cups) of the product to the tank.

For Sink , Tubs and Showers:

• Pour 0.5-1 litre (2-4 cups) of Drain antifreeze down to every sink, tub and shower drain for effective winterizing.

APPLICATIONS

-  • Bathroom sinks
-  • Bathtubs
-  • Showers
-  • Kitchen sinks
-  • Toilets/septic systems

BENEFITS

- Non-toxic, safe and ready to use.
- Easy to use for winterizing all kind of plumbing systems.
- Formulated for various applications.
- Works in temp. upto -35°C.
- Inhibits rust and metal corrosion.
- Enviornmentally safe.
- Prevents the pipe from bursting.

PROGRESSIVE CHEMISTRY

The product is absolutely safer and non-toxic to use than ethylene glycol based antifreeze. Contains propylene glycol which makes it safe for home plumbing system. Do not contains phosphates which makes it safe for aquatic life.

100% BIODEGRADABLE

LAST UPDATED: 06.12.2022

SPECIFICATIONS

Physical Form	Liquid
Colour	Blue
Odour	Fresh Scent
pH (1 g/L solution)	7.5-8.5
Flammability	Non-Flammable

STORAGE

Store in a dry, cool, well-ventilated area

Do not allow to freeze

Store away from direct sunlight and heat

Store in original container with closed lid, away from incompatible materials such as strong acids.

SHELF LIFE: 1 year minimum after opening

PACKAGING

This packaging is made from high density polyethylene (HDPE) one of the most commonly and easily recycled plastics!

Concentrated products save on packaging, energy, and emissions associated with transport. Instead of shipping mostly water, we are sending you a super concentrated product that you simply dilute with tap water. This allows us to pass the savings on to you!

AVAILABLE IN: 1L, 4L

PRECAUTIONS

Wash hands thoroughly after handling. Do not breathe mists, vapours or spray. Wear eye and face protection. Wear protective gloves. Wear protective clothing. Contaminated work clothing should not be allowed out of the workplace.

Refer SDS for more information.
