

## DESCRIPTION

Floor Neutralizer & Conditioner eliminates alkalinity problems where ever they exist by neutralizing residue leftover from floor cleaning and stripping. It also helps eliminate dulling and discolouring by conditioning your floors for a longer-lasting, brighter finish. This non-toxic concentrated powdered formula quickly dissolves in water to produce a neutralizing solution for easy application.

# FLOOR NEUTRALIZER CONDITIONER

CODE: ENV-703

## USAGE

- Remove the stripping or cleaning solution from the floor.
- Add 1 scoop (~30g) to 20L of water and stir gently to form a uniform solution.
- Apply uniformly with mop, sponge or cloth.
- Pick up solution with mop or wet vac,
- Thoroughly rinse floor with clear water and let floor dry completely for 10-45 minutes.
- Apply floor sealer ENV-735 ULTRA SEAL and floor finish ENV 736 ULTRA GLO as per direction.

## APPLICATIONS

Linoleum, tile,  
concrete, wood,

laminate, marble,

terrazzo

OECD 301D

LAST UPDATED: 25.6.2019

## SPECIFICATIONS

Type	Solid (Granular solid)
Colour	White
Odour	Odorless
pH (1 g/L solution)	3.0-4.0
Flammability	Not flammable
Toxicity	Non- toxic

## STORAGE

Store in a dry, cool, well-ventilated area

Do not allow to freeze

Store away from direct sunlight and heat

Store in original container with closed lid, away from incompatible materials.

SHELF LIFE: 1 year minimum from opening.

## PACKAGING

This packaging is made from high density polyethylene (HDPE) one of the most commonly and easily recycled plastics!

Concentrated products save on packaging, energy, and emissions associated with transport. Instead of shipping mostly water, we are sending you a super concentrated product that you simply dilute with tap water. This allows us to pass the savings on to you!

**AVAILABLE IN:** 400g

## PRECAUTIONS

Wash thoroughly after handling. For more information or Safety Data Sheets (SDS) please contact us or see our website.
