

## DESCRIPTION

SCALE-X is an extremely powerful and unique product which removes persistent Lime, Hard water scales, Mineral deposits, Soap scum from tiles, toilets, tubs, pools and spas without any efforts. It also removes rust stains, yellow stains, copper oxide from metal, concrete and other chemical resistant surfaces. This product is developed with proprietary user-friendly muriatic acid which doesn't burn intact skin and still works like full strength muriatic acid.

Scale-X Remover has been designed to dissolve heavy scale buildup in limited amount of time and man power. A single application of Scale-X will remove moderate to heavy build up without any scraping and scrubbing. It also restores and improves surface finish.

## USAGE

**Note: Do not use on marble, terrazzo, travertine, granite, limestone and other types of calciferous natural stone, vulnerable paintwork, lead glazed materials and non-acid resistant bathtubs or other non-acid resistant surfaces.**

- Can be used in undiluted form for heavy deposits or diluted with water.
- It can be applied by spray, mop, brush or dipping.
- Small parts can be immersed in dip tanks for about 5-10 minutes to allow deeper penetration and loosening of dirt particles.
- After application, all equipment and utensils must be thoroughly rinsed with potable water

## BENEFITS

- Fast Acting & deep cleaning.
- Removes all kinds of mineral and hard water scales.
- Safe for hands.
- Highly concentrated & strong acting.
- Restores & improves surface finish.
- Environmental friendly.

Safe and effective cleaning products can be made completely cruelty-free. We perform no animal testing and none of our ingredients contain animal products or by-products.

BIODEGRADABLE  
OECD 301D

# SCALE-X DEGREASER

## APPLICATIONS

-  • Dishwasher
-  • Kettle
-  • Laundry Machines
-  • Calcium/limes
- Rust
- Toilets
- Tubs
- Pools
- Spas

## PROGRESSIVE CHEMISTRY

Our specially formulated Scale x- degreaser is highly acidic in nature and is very effective in easily removing mineral deposits and oxidation on surfaces. All of its ingredients are biodegradable and it do not contain harmful phosphates to protect our waterways from toxic algal bloom.

LAST UPDATED: 6.8.2021

## SPECIFICATIONS

Physical Form	Liquid
Colour	Red
Odour	Scented characteristics
Flammability	Not flammable
pH	1-2

## STORAGE

Store in a dry, cool, well-ventilated area

Store away from direct sunlight and heat

Do not allow to freeze

Store locked up.

Store in corrosion resistant container with closed lid away from incompatible materials such as strong alkalis.

**SHELF LIFE:** 1 year minimum after opening

## ACCESSORIES

ITEM:	CODE:
Microfibre cloths (blue)	HSC-2512B
Sprayer	RAW-TS100
Spray bottle	RAW-B95E

## PACKAGING

This packaging is made from high density polyethylene (HDPE) one of the most commonly and easily recycled plastics!

Concentrated products save on packaging, energy, and emissions associated with transport. Instead of shipping mostly water, we are sending you a super concentrated product that you simply dilute with tap water. This allows us to pass the savings on to you!

**AVAILABLE IN:** 4L, 20L, 205L

## PRECAUTIONS

Wash hands thoroughly after handling. Do not mix with acid.

Do not breathe mists, vapours or spray. Wear protective gloves. Wear protective clothing.

**For more information or Safety Data Sheets (SDS) please contact us or see our website.**
