DESCRIPTION

Low foaming, free rinsing formulation delivers maximum cleaning power, leaving a streak-free shine every time! For use in an autoscrubber or manual mopping, it will remove spots, stains, and scuff marks from all types of floors. For your safety and the environment EnviroWay's Neutral Floor Cleaner works without the use of sulfates, phosphates, parabens, acids, or bleach.

USAGE

 This ultra concentrate is to be diluted to a ratio of 1 part cleaner: up to 128 parts water. Diluted product can be used in an autoscrubber or for manual mopping to clean soiled floors.

For heavier duty cleaning allow product to sit for a few minutes before wiping up or use a more concentrated dilution. When used on a food surface, rinse with potable water and wipe dry.

This product is part of our dilution control Ultra Line and should be used in conjunction with an appropriate chemical dispensing system. We can recommend the right system for your needs. Ask your Account Manager about the KP1H system!

NO ANIMAL TESTING
-INGREDIENTS

Safe and effective cleaning products can be made completely cruelty-free. We perform no animal testing and none of our ingredients contain animal products or by-products.

NEUTRAL FLOOR CLEANER

NETTOYANT A PLANCHER NEUTRE

128X

CODE: ULT-1701

APPLICATIONS

Vinyl, terrazzo, linoleum, concrete, marble, vinyl asbestos tile, sealed concrete, thermacrylic and wood floors

PROGRESSIVE CHEMISTRY

Our pH neutral formula contains biodegradable surfactants and solvents, water softeners, and a natural pH buffer. In its diluted form it poses no risks whatsoever!

DOSAGE INSTRUCTIONS

APPLICATION	DILUTION
Regular mopping	1:128 (standard dilution)
Autoscrubber	1:128 (standard dilution)
Heavy duty soils (manual mopping)	1:64

For really tough messes this product can be manually diluted to increase effectiveness. For example: 1 part cleaner: 64 parts water ≈ 60mL into 4L. Please read the label and SDS before working with concentrated products.

STORAGE

-  Store locked up
-  Do not allow to freeze
-  Store in a dry, cool, well-ventilated area
-  Store away from direct sunlight and heat
-  Store in original container with closed lid, away from incompatible materials such as strong oxidizing agents.

SHELF LIFE: 1 year after opening

PACKAGING

This bottle is made from high density polyethylene (HDPE) one of the most commonly and easily recycled plastics!

Concentrated products save on packaging, energy, and emissions associated with transport. Instead of shipping mostly water, we are sending you a super concentrated product that you simply dilute with tap water. This allows us to pass the savings on to you!

AVAILABLE IN:

4L → 512L ready-to-use product

20L → 2,560L ready-to-use product

205L → More than 26,000L ready-to-use product

PRECAUTIONS

Harmful if swallowed.

Wear protective gloves, eye protection and avoid breathing fumes when dealing with concentrated product.

For more information or Safety Data Sheets (SDS) please contact us or see our website.
